MEAD STREET

Hillsdale, Michigan
A complete BRRRR renovation.

EVERY HOME HAS A STORY.

This project began with a phone call, after one of our local mailers.

Our role was not simply to purchase a house. It was to give the property a second life.

OUR STANDARD BEGAN HERE.

Every company has a project that changes how it operates. Mead Street became ours.

The systems developed here still improve efficiency and simplify maintenance.

04 / 08

BUILD FOR THE TENTH YEAR.

The most important work is usually hidden behind the walls. Structural integrity and updated mechanicals, not temporary cosmetic improvements.

05 / 08

A CONSISTENT STANDARD.

A family should know what to expect when they move into one of our homes.

Consistency is not about repetition. It is about dependable quality.

06 / 08

DETAILS MATTER.

Rental housing should never require lowering expectations. The goal is simple: homes that residents in Hillsdale are genuinely proud to live in.

07 / 08

QUALITY ATTRACTS PEOPLE.

Quality housing strengthens communities and supports local employers.

Creating demand for great housing benefits everyone.

BUILDING COMMUNITIES - ONE PROJECT AT A TIME

One more home preserved, one more family welcomed,
one more investment made with a long-term perspective.

LIVE WITH US. WORK WITH US.
